Time Credits are a way of recognising the amazing things people do in their communities. If you give an hour of your time to your community, your community thanks you by giving you an hour to spend on something you would like to do. There are lots of ways to earn Time Credits across your community, and everyone's time is worth the same. You can spend this on an hour's activity in other community organisations, on leisure activities and at large venues such as the Tower of London.

Cambridgeshire Time Credits programme is funded by Cambridgeshire County Council and the CHS Group working in partnership with Spice the social enterprise who developed this time-based currency. Contact details: time.credits@cambridgeshire.gov.uk or www.facebook.com/CambbsTimeCredits/

Fenland 1816, the end of the Napoleonic Wars: wages are low; prices are high; employment is scarce; and the harvest failing. A volcanic dust cloud spreads across Europe and America. Fenland explodes in riot and six rioters will hang.

Historical author Gareth Calway narrates the cataclysmic events of May-June 1816 as seen by a soldier, John, returning victorious from the Napoleonic Wars. Folk-balladeer Andy Wall interweaves a musical narrative with six stirring ballads, combining pathos, defiance and humour, as returning sailor Jack.
