

Benwick Primary School – Herons Project Grid (Week 10)

SCIENCE 1 – Habitats Classification of living things

Read through the PowerPoint on the class home page.

Complete the quiz and answer the questions at the end of the slide show.

GEOGRPAHY 1 - TSUNAMIS

What is a tsunami? How are they formed? Why are they dangerous?

Watch interactive demonstration on BBC website:

MUSIC

Continue to complete the activities on YUMU.

http://news.bbc.co.uk/1/hi/sci/tech/7533972.stm

D&T - Shelters

Lesson 3 - Designing and Making

Design and make a shelter of your choice. Use a range of materials and think about how strong they are and whether they are waterproof/windproof.

OUTDOOR PROJECT

Carry out a bird survey in your garden or from your window.

List or draw the different birds you see and use a tally mark to record each time you see one.

Which is the most common bird? Which is the least common? What other surveys could you carry out?

GEOGRPAHY 2 - TSUNAMIS

Read the leaflet 'How to Survive a Tsunami'.

You will find this on our class home page.

Design a poster to display near a beach that could be affected by tsunamis. What information will you put on the sheet? (e.g. warning signs, what to do/where to go).

SCIENCE 2 – Help Our Habitats

Imagine you have been given the opportunity for a new playground to be built at school. Much of the field would have to be tarmacked, and all of the trees would have to be cut down. What impact would this have on the local animals/creatures?

COMPUTING

Writing for Different Audiences

PurpleMash - Unit 4.4

Lesson 1 – Exploring how font size and style can affect the impact of a text.

Can you look at a variety of written material where the font size and type are tailored to the purpose of the text?

Can you use text formatting to make a piece of writing fit for its audience and purpose?
