

Benwick Primary School – Herons Project Grid (Week 9)

<p>SCIENCE 1 – Habitats A Living Thing?</p> <p>Become an expert in the 7 characteristics of a living thing. Read the PowerPoint on our class page. Make a poster and explain life processes to younger children. Sort living things in a variety of ways.</p>	<p>PSHE Dealing with dilemmas</p> <p>What are the different ways you could deal with these dilemmas? What choices could you make and what might happen?</p> <p>You see your friend cheating in a maths test. Someone is bullying you. You break one of your mum's special ornaments at home. You've been invited to two friend's parties on the same night. You lose a special present your mum or dad has given you for your birthday. You find £10 on the pavement.</p>	<p>MUSIC</p> <p>Continue to complete the activities on YUMU.</p> 
<p>D&T - Shelters Lesson 2 – Strengthening Materials</p> <p>Investigate how you could strengthen an A4 piece of paper to hold a significant amount of weight. Record some of the examples and write a comment for each structure (sheet is on our class webpage)</p> 	<p>OUTDOOR PROJECT Photography</p> <p>Walk around your garden or park. What objects or views catch your eye? Can you see any interesting colours, shadows, textures or shapes? Experiment with your camera or phone.</p> <p>* Try photographing the same area from different angles and distances. You can do this by walking around the area and taking pictures from different levels.</p> <p>You can also try crouching or lying down.</p> <p>* Try taking photos in different directions so that the Sun is shining from different angles (remember: you must never look at the Sun with your eyes or through a camera lens)</p>	<p>GEOGRAPHY - OCEANS</p> <p>Geographical features of oceans. Referring to the sheet on the class page, use the internet to research the answers.</p> 
<p>SCIENCE 2 – Habitats Local Living Things</p> <p>Take a trip within the local environment, observe habitats and record the different living things you find. Complete the sheet on our class page.</p> 	<p>COMPUTING</p> <p>PurpleMash – Unit 4.7</p> <p>Lesson 3 – Assess whether an information source is true and reliable.</p> <p>* Can you analyse the contents of a web page for clues about the credibility of the information?</p>	<p>PE</p> <p>https://www.youtube.com/user/thebodycoach1</p> <p>https://www.activekidsdobetter.co.uk/active-home</p> <p>https://online.succeedin.co.uk/public/index/638</p>
