

Dear Parents/Carers,
This powerpoint takes the children through the learning sequence. If possible please talk through the slides with your child and check their understanding. The slides start at a basic level to re-cap previous learning.

7.7.20

LO: I can draw pictograms (2, 5 and 10)

Starter

George is counting in 2s from 0 to 20. Has he done it correctly?

0, 2, 4, 6, 8, 10, 20, 14, 16, 18, 30

Starter - answer

George is counting in 2s from 0 to 20. Has he done it correctly?

0, 2, 4, 6, 8, 10, 20, 14, 16, 18, 30

No, the correct order is: 0, 2, 4, 6, 8, 10, 12, 14, 16, 18, 20.

Descriptive Teaching

Complete the missing sections.

Garden Animal	Number of Animals
Bird	
Tortoise	
Rabbit	  
Hedgehog	 

Key: 1 picture = 10 Animals

Garden Animal	Number of Animals
Bird	     
Tortoise	
Rabbit	
Hedgehog	

Descriptive Teaching - Answer

Complete the missing sections.

Garden Animal	Number of Animals
Bird	  
Tortoise	
Rabbit	  
Hedgehog	 

Key: 1 picture = 10 Animals

Garden Animal	Number of Animals
Bird	
Tortoise	
Rabbit	
Hedgehog	

Descriptive Doing

A teacher wants to find out the favourite flavours of ice-cream for the class.

They collect this information:

Ice-Cream Flavour	Number of Children
Chocolate	
Vanilla	
Strawberry	
Mint	

Draw a pictogram to show this information.

Use a circle to represent 5 ice-creams. ○ = 5 children

Descriptive Doing - Answer

A teacher wants to find out the favourite flavours of ice-cream for the class.

They collect this information:

Ice-Cream Flavour	Number of Children
Chocolate	
Vanilla	
Strawberry	
Mint	

Ice-Cream Flavour	Number of Children
Chocolate	      
Vanilla	   
Strawberry	    
Mint	

Draw a pictogram to show this information.

Use a circle to represent 5 ice-creams.  = 5 children

Reflective Teaching

Draw the
pictogram in your
book.

A class is collecting data.

There are 2 more slugs than
snails.

Only 3 children saw a ladybird.

There are 2 more snails than
butterflies.

8 children saw butterflies.

Create a pictogram to display this information where one picture represents 2 minibeasts.

Reflective Teaching - Answers

A class is collecting data.

There are 2 more slugs than snails.

Only 3 children saw a ladybird.

There are 2 more snails than butterflies.

8 children saw butterflies.

○ = 2 minibeasts

	Number of Minibeasts
Slugs	● ● ● ● ● ●
Snails	● ● ● ● ●
Ladybird	● ●
Butterflies	● ● ● ●

Create a pictogram to display this information where one picture represents 2 minibeasts.

Reflective Doing

Sam is drawing a pictogram to show Year 2's favourite author.

Author	Number of Children 1 picture = 10 children
Julia Donaldson	
Roald Dahl	
David Walliams	
Dick King-Smith	

Sam says,

I must draw 15 circles to show 30 children prefer Roald Dahl.

Is he right? Explain your answer.

Reflective Doing - Answers

Sam is drawing a pictogram to show Year 2's favourite author.

Author	Number of Children 1 picture = 10 children
Julia Donaldson	
Roald Dahl	
David Walliams	
Dick King-Smith	

Sam says,

I must draw 15 circles to show 30 children prefer Roald Dahl.

Is he right? Explain your answer.

Sam is not right because 1 picture = 10 children. He must draw $1\frac{1}{2}$ pictures.

Independent work

The following slides are questions for you to work through independently.

There are 3 sets of work - 1 chili (the easiest), 2 chilies, 3 chilies (the hardest). Choose one set you feel most comfortable with.

Independent work

1a. Complete the missing sections.	
Hair Colour	Number of Children
Blonde	
Brown	
Black	
Ginger	

Key:  = 2 children

Hair Colour	Number of Children
Blonde	
Brown	
Black	
Ginger	

2 VF

1b. Complete the missing sections.	
Favourite Drink	Number of Children
Cola	
Orange	
Water	
Milk	

Key:  = 5 children

Favourite Drink	Number of Children
Cola	
Orange	
Water	
Milk	

2 VF

Independent work

2a. A class collect information about minibeasts:		2b. A class collect information about eye colour:	
	Number of Minibeasts		Number of Children
Slug		Blue	
Snail		Brown	
Worm		Green	
Butterfly		Hazel	

Draw a pictogram to show this information.

Use a circle to represent 10 minibeasts.

 = 10 minibeasts

2 VF

Draw a pictogram to show this information.

Use a square to represent 2 children.

 = 2 children

2 VF

Independent work

3a. Complete the missing sections.

Get to School	Number of Children
Walk	
Bike	
Car	
Bus	

Key: 1 picture = 5 children

Get to School	
Walk	
Bike	
Car	
Bus	

3b. Complete the missing sections of the tally chart and pictogram.

Favourite Fruit	Number of Children
Banana	
Apple	
Grapes	
Pear	

Key: 1 picture = 10 children

Favourite Fruit	
Banana	
Apple	
Grapes	
Pear	

Independent work

4a. A Headteacher wants to find out how many children use the school library.

She collects this information:

	Library Books Borrowed
Key Stage 1 Boys	
Key Stage 1 Girls	
Key Stage 2 Boys	
Key Stage 2 Girls	

Draw a pictogram to show this information.

Use a circle to represent 10 books.

 = 10 books

 2 VF

4b. A vet wants to find out how many animals she treats in a week.

She collects this information:

	Pets Treated
Dog	
Cat	
Rabbit	
Snake	

Draw a pictogram to show this information.

Use a square to represent 5 pets.

 = 5 pets

 2 VF

Independent work

5a. Complete the missing sections.

Favourite Sport	Number of Children
Football	
Rugby	
Tennis	
Athletics	

Key: 1 picture = 2 children

Favourite Sport	Number of Children
Football	
Rugby	
Tennis	
Athletics	

5b. Complete the missing sections.

Favourite Vegetable	Number of Children
Onion	
Pepper	
Sweetcorn	
Carrot	

Key: 1 picture = 10 children

Favourite Vegetable	Number of Children
Onion	
Pepper	
Sweetcorn	
Carrot	

Independent work

6a. A Headteacher wants to find out what type of texts the children like to read.

She collects this information:

Type of Text	Number of Children
Poetry	
Comics	
Fiction	
Reports	

Draw a pictogram to show this information.

Use a circle to represent 5 texts.

 = 5 children

6b. A class want to find out how many birds they see in a day.

They collect this information:

Birds	Number of Birds
Magpie	
Blackbird	
Robin	
Sparrow	

Draw a pictogram to show this information.

Use a circle to represent 3 birds.

 = 3 birds

Answers

Developing

1a. Pictogram – 2 pictures for Black, 1 picture for Ginger. Tally chart – 6 marks for Blonde, 10 marks for Brown.

2a. Pictogram – 2 pictures for Slug, 3 pictures for Snail, 4 pictures for Worm, 1 picture for Butterfly.

Expected

3a. Pictogram – 6 pictures for Walk, 1 picture for Bus. Tally chart – 10 marks for Bike, 35 marks for Car.

4a. Pictogram – 3½ pictures for KS1 Boys, 4 pictures for KS1 Girls, 1 picture for KS2 Boys, 2½ pictures for KS2 Girls.

Greater Depth

5a. Pictogram – 8½ pictures for Rugby, 4½ pictures for Tennis. Tally chart – 21 marks for Football, 16 marks for Athletics.

6a. Pictogram – 3 pictures for Poetry, 5 pictures for Comics, 8 pictures for Fiction, 1 picture for Reports.

Developing

1b. Pictogram – 2 pictures for Cola, 5 pictures for Water. Tally chart – 20 marks for Orange and 5 marks for Milk.

2b. Pictogram – 8 pictures for Blue, 10 pictures for Brown, 3 pictures for Green, 1 picture for Hazel.

Expected

3b. Pictogram – 3½ pictures for Banana, 1½ pictures for Grapes. Tally chart – 55 marks for Apple, 40 marks for Pear.

4b. Pictogram – 8 pictures for Dog, 7 pictures for Cat, 3 pictures for Rabbit, 1 picture for Snake.

Greater Depth

5b. Pictogram – ½ a picture for Onion, 1½ pictures for Carrot. Tally chart – 35 marks for Pepper, 85 marks for Sweetcorn.

6b. Pictogram – 4 pictures for Magpie, 8 pictures for Blackbird, 1 picture for Robin, 12 pictures for Sparrow.

Reflection Time

Ben is drawing a pictogram where one picture = 5 children.

Favourite Subject	Number of Children
Maths	
English	
Science	● ● ● ●
PE	● ● ● ● ● ●

Ben knows more children like English than Maths, but fewer children like English than Science.
How many children like English?
Complete the pictogram.
