

Dear Parents/Carers,
This powerpoint takes the children through the learning sequence. If possible please talk through the slides with your child and check their understanding. The slides start at a basic level to re-cap previous learning.

Consolidation of multiplication and division

2.7.20

2.7.20

LO: I can multiply 2 digit number by 1 digit number (2)

Starter

Match the calculation to the correct answer.

14×2

31×3

22×4

41×2

93

82

28

88

Use column
multiplication to
work out the
answers.

Starter - answer

Match the calculation to the correct answer.

Descriptive Teaching

Use Base 10 to calculate 17×4 .

Record your calculations using column multiplication.

Use the base 10 in the picture to help you.

Descriptive Teaching - Answer

Use Base 10 to calculate 17×4 .

Record your calculations using column multiplication.

$$\begin{array}{r} 17 \\ \times 4 \\ \hline 68 \\ \hline 2 \end{array}$$

Descriptive Doing

Draw the missing place value counters and complete the column multiplication to calculate the answer.

$$\begin{array}{r} 52 \\ \times 3 \\ \hline \end{array}$$

Hundreds	Tens	Ones
	10 10 10 10 10	1 1

Draw the table in your book as well as writing the column multiplication.

Descriptive Doing - Answer

Draw the missing place value counters and complete the column multiplication to calculate the answer.

$$\begin{array}{r} 52 \\ \times 3 \\ \hline 156 \end{array}$$

Hundreds	Tens	Ones
		
		
		
		

Reflective Teaching

There are 24 pencils in a packet. Mr Lund buys 8 packets.

How many pencils does Mr Lund have?

Write the
calculation in your
book.

Reflective Teaching - Answers

There are 24 pencils in a packet. Mr Lund buys 8 packets.

How many pencils does Mr Lund have?

$$24 \times 8 = 192$$

Reflective Doing

True or false?

$$126 = 43 \times 3$$

Use the column method to work out the answers. Compare the calculations with the correct symbol.

Reflective Doing - Answers

True or false?

$$126 = 43 \times 3$$

False, $43 \times 3 = 129$

Independent work

The following slides are questions for you to work through independently.

There are 3 sets of work - 1 chili (the easiest), 2 chilies, 3 chilies (the hardest). Choose one set you feel most comfortable with.

Independent work

1a. Use Base 10 to calculate 23×2 .

Record your calculations using column multiplication.

S VF

1b. Use Base 10 to calculate 21×5 .

Record your calculations using column multiplication.

S VF

Independent work

2a. Draw the missing place value counters and complete the column multiplication to calculate the answer.

$$\begin{array}{r} 24 \\ \times 3 \\ \hline \end{array}$$

Hundreds	Tens	Ones
	10 10	1 1 1 1
	10 10	
		1 1 1 1

3 VF

2b. Draw the missing place value counters and complete the column multiplication to calculate the answer.

$$\begin{array}{r} 33 \\ \times 3 \\ \hline \end{array}$$

Hundreds	Tens	Ones
	10 10 10	1 1 1
		1 1 1
	10 10 10	

3 VF

Independent work

3a. There are 14 cans of tuna in each box. Mr Hardy buys 2 boxes.

How many cans does Mr Hardy have?

S VF

3b. There are 11 buns in a pack. Miss Togger buys 5 packs.

How many buns does Miss Togger have?

S VF

Independent work

4a. True or false?

$$96 = 24 \times 3$$

S VF

4b. True or false?

$$63 = 21 \times 3$$

S VF

Independent work

5a. Use Base 10 to calculate 28×3 .

Record your calculations using column multiplication.

S VF

5b. Use Base 10 to calculate 32×4 .

Record your calculations using column multiplication.

S VF

Independent work

6a. Draw the missing place value counters and complete the column multiplication to calculate the answer.

$$\begin{array}{r} 43 \\ \times 4 \\ \hline \end{array}$$

Hundreds	Tens	Ones
	10 10 10 10	1 1 1

3 VF

6b. Draw the missing place value counters and complete the column multiplication to calculate the answer.

$$\begin{array}{r} 24 \\ \times 4 \\ \hline \end{array}$$

Hundreds	Tens	Ones
	10 10	1 1 1 1

3 VF

Independent work

7a. There are 32 biscuits in a packet. Miss Platt buys 4 packets.

How many biscuits does Miss Platt have?

S VF

7b. There are 85 books in a pack. Mr Smith buys 3 packs.

How many books does Mr Smith have?

S VF

Independent work

8a. True or false?

$$180 = 95 \times 2$$

S VF

8b. True or false?

$$252 = 63 \times 4$$

S VF

Independent work

9a. Use Base 10 to calculate 39×4 .

Record your calculations using column multiplication.

S VF

9b. Use Base 10 to calculate 47×3 .

Record your calculations using column multiplication.

S VF

Independent work

10a. Draw the missing place value counters and complete the column multiplication to calculate the answer.

$$\begin{array}{r} 35 \\ \times 8 \\ \hline \\ \hline \end{array}$$

Use place value counters and a table to help you.

3 VF

10b. Draw the missing place value counters and complete the column multiplication to calculate the answer.

$$\begin{array}{r} 43 \\ \times 6 \\ \hline \\ \hline \end{array}$$

Use place value counters and a table to help you.

3 VF

Independent work

11a. There are 56 eggs in a tray. The baker buys 8 trays.

How many eggs does the baker have?

S VF

11b. There are 64 pencils in a box. Mrs Myers buys 4 packs.

How many pencils does Mrs Myers have?

S VF

Independent work

12a. True or false?

$$372 = 93 \times 4$$

3 VF

12b. True or false?

$$278 = 96 \times 3$$

3 VF

Answers

Developing

- 1a. **46**
- 2a. **72**
- 3a. **28**
- 4a. **False, it is 72.**

Expected

- 5a. **84**
- 6a. **172**
- 7a. **128**
- 8a. **False, it is 190.**

Greater Depth

- 9a. **156**
- 10a. **280**
- 11a. **448**
- 12a. **True**

Developing

- 1b. **105**
- 2b. **99**
- 3b. **55**
- 4b. **True**

Expected

- 5b. **128**
- 6b. **96**
- 7b. **255**
- 8b. **True**

Greater Depth

- 9b. **141**
- 10b. **258**
- 11b. **256**
- 12b. **False, it is 288.**

Reflection Time

Chloe multiplies a 2-digit number by a 1-digit number. The total is 136.

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

26

4
