

Rock Around the Shops

1. Come on everybody, there's a whole lot of shopping going on!
Got to get a-moving, there's some picking and a-choosing to be done!
We're going crazy. We can't be lazy.
It's only days we have left... the rush has begun.
2. Come everybody, there's a whole lot of shopping going on!
Got to get a-moving there's some picking and a-choosing to be done!
They've got the sizes at lovely prices,
I'm going to buy these today or they will be gone.

CHORUS

Can't afford to stop,
Got to pop into a shop before they close.
I'm rocking 'round the shops 'til I drop
And its time to go home.

(verses 3, 4 and 5 with echo 'We're shopping high street hopping')

3. Come on everybody, there's a whole lot of shopping going on!
Got to get a-moving, there's some picking and a-choosing to be done!
I've got a bargain for uncle Marvin
We'll have a laugh when we see him trying it on!
4. Come on everybody, there's a whole lot of shopping going on!
Got to get a-moving, there's some picking and a-choosing to be done!
I bought some chocolates with lovely soft bits,
There was a box full but not the top layer's gone!

CHORUS

5. Come on everybody, there's a whole lot of shopping going on!
Got to get a-moving, there's some picking and a-choosing to be done!
I've found a record for Aunty Ethel,
She's rather deaf but she'll still be jiving along!!
