Dear Parents/Carers,

This powerpoint takes the children through the learning sequence. If possible please talk through the slides with your child and check their understanding. The slides start at a basic level to re-cap previous learning.

# Consolidation of addition and subtraction

18.6.20

## LO: I can add a 3 digit number to a 3 digit number.

#### Starter

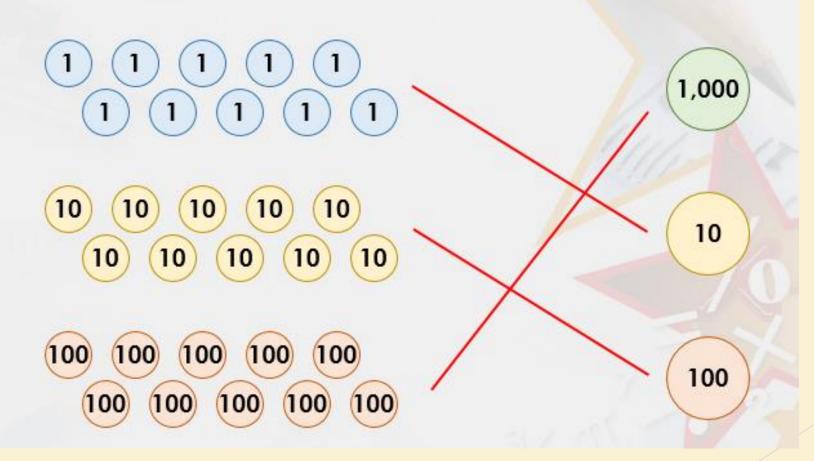

Match each group of counters with their equivalent value.

If possible, discuss with an adult.

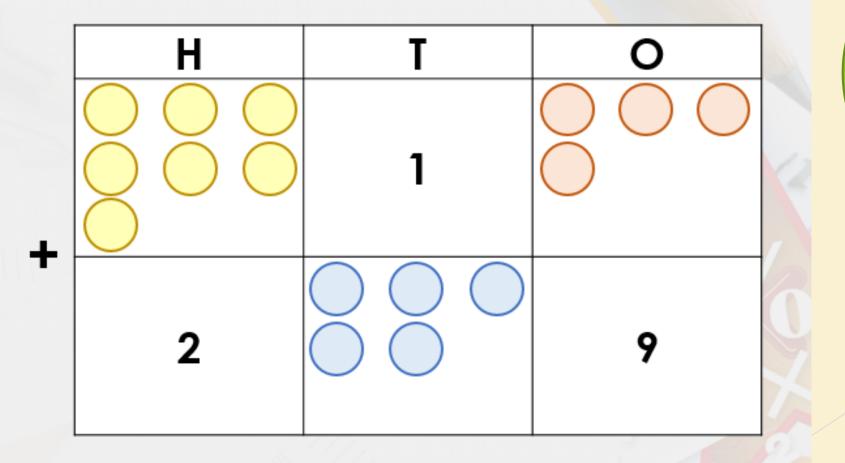

#### Starter - answer

Match each group of counters with their equivalent value.

#### **Descriptive Teaching**

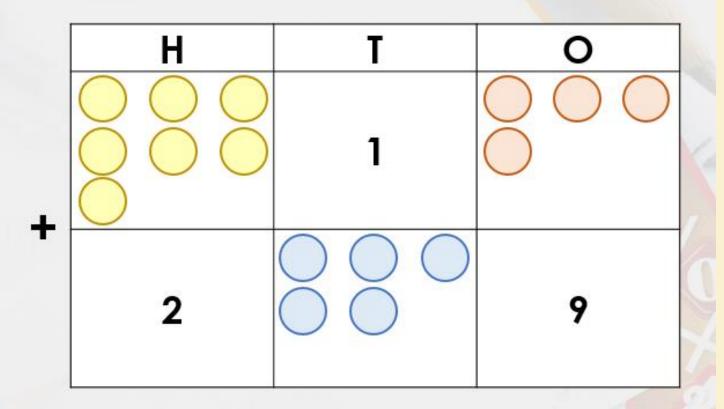

What is the total of the numbers shown below?

Discuss with an adult or write the calculations in your book.

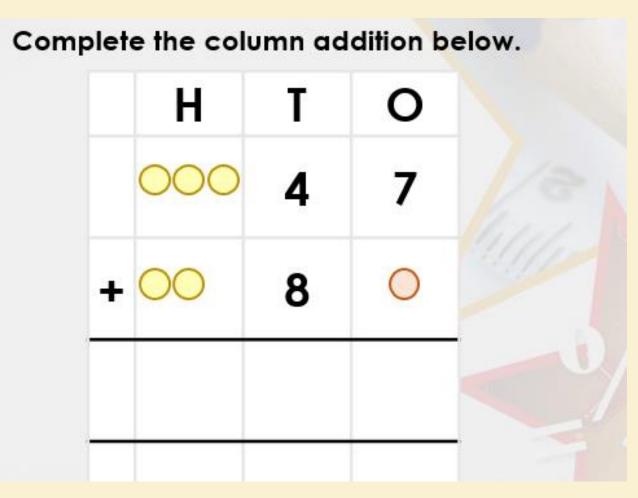

#### **Descriptive Teaching - Answer**

What is the total of the numbers shown below?

714 + 259 = 973

#### **Descriptive Doing**

The place value counters are representing digits within the number. Remember to regroup the tens!

#### **Descriptive Doing - Answer**

Complete the column addition below.

#### **Reflective Teaching**

Libby has 286 marbles. Grace has 155 marbles.

How many marbles do they have altogether?

2 8 6 5

Use the formal written method in your book to work out the answers.

#### **Reflective Teaching - Answers**

Libby has 286 marbles. Grace has 155 marbles.

How many marbles do they have altogether?

	2	8	6	
+	1	5	5	
	4	4	1	
	1	1		2

#### **Reflective Doing**

True or false? The answer to the addition below is correct.

	Η	T	0
	3	8	5
+	4	6	2
	8	5	7
	1		

Use the formal written method in your book to see if the answer is correct.

#### **Reflective Doing - Answers**

True or false? The answer to the addition below is correct.

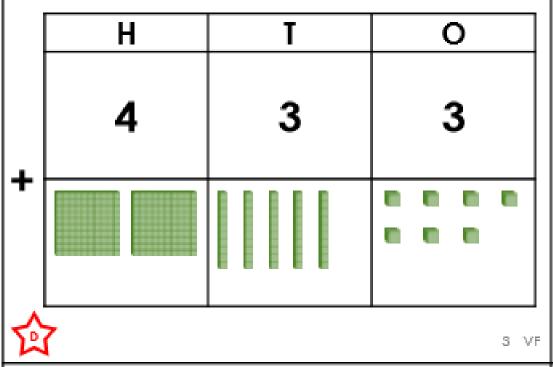

False because the digits in the tens columns have been added incorrectly. 385 + 462 = 847.

The following slides are questions for you to work through independently.

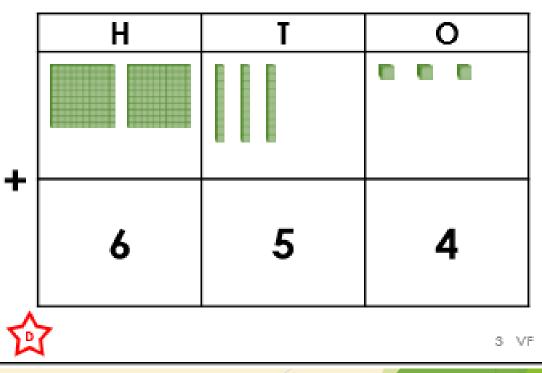

There are 3 sets of work - 1 chili (the easiest), 2 chilies, 3 chilies (the hardest). Choose one set you feel most comfortable with.

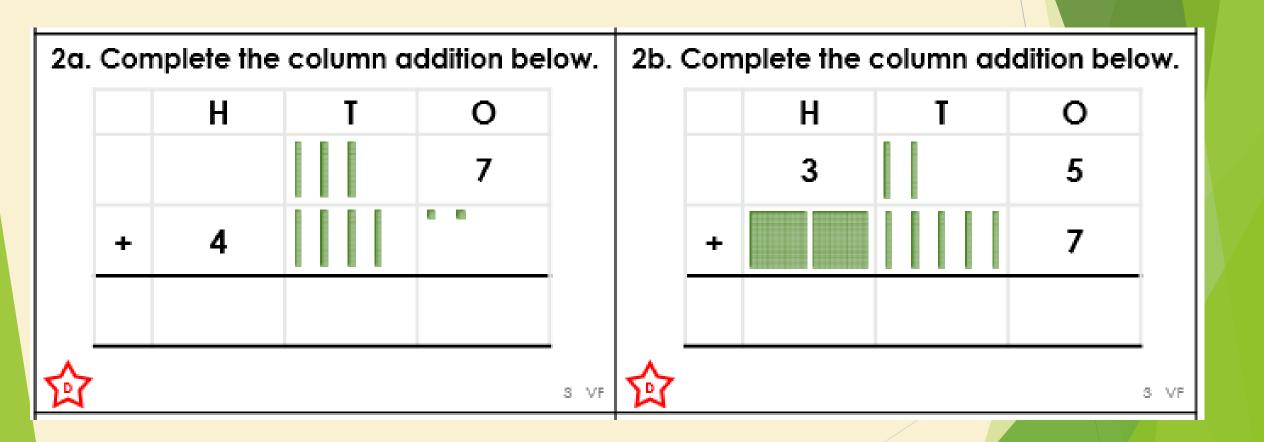

1a. What is the total of the numbers shown below?

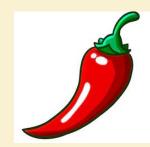

1b. What is the total of the numbers shown below?

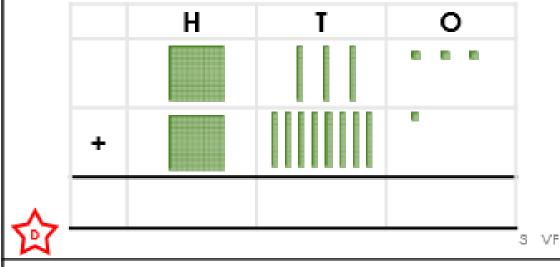

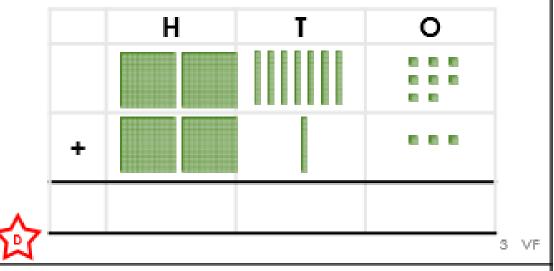

3a. Max collects 133 football cards. Harvey collects 181. How many cards do they have altogether?

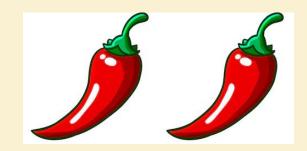

3b. Henry scores 278 on a computer game. Liam scores 213. What is their total score?

	or false? The below is co		to the		or false? The below is co		o the
	Н	T	0		Н	Т	0
	6	0	4		3	7	3
+				+			
	7	2	4		6	2	7
合		1	3 VF	佥	1		3 V

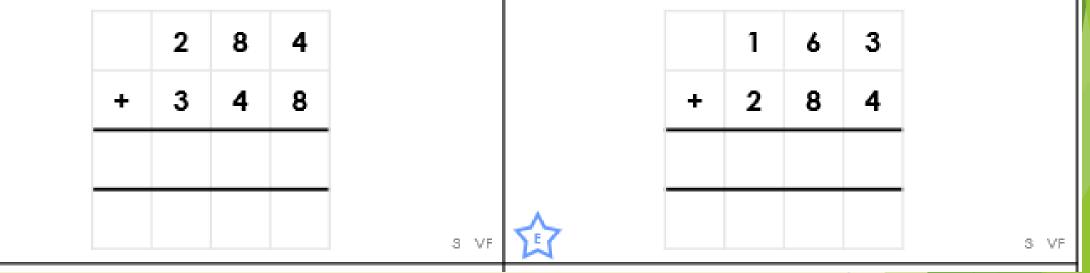

5a. What is the total of the numbers 5b. What is the total of the numbers shown below? shown below? Η 0 Η  $\mathbf{O}$ 3 3 ++8 9 o 3 VF S VF

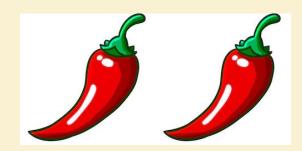

7a. Mike scores 284 in a round of darts. His friend scores 348. What is the total of their scores? 7b. Jade collects 163 conkers and Isla collects 284. How many conkers do they have altogether?

S VF

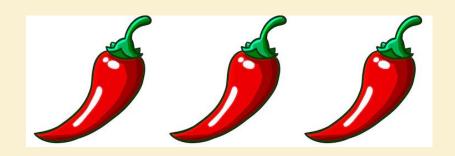

8a. True or false? The answer to the addition below is correct.

		1	
	9	9	0
+	6	1	7
	3	7	3
	Н	T	0

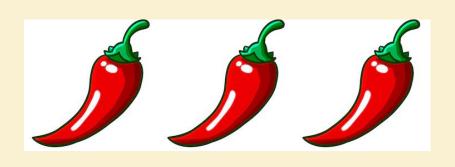

8b. True or false? The answer to the addition below is correct.

	Н	T	0
	2	6	6
+	3	2	5
	5	8	1
		1	

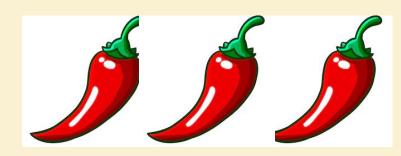

S VF

10a. Complete the additions below.	10b. Complete the additions below.
A. 3 7 7 + 3 5 9 =	A. 1 1 8 + 8 7 6 =
B. 1 6 3 + 4 8 2 =	B.407+254=

11a. Connor raises £352 in sponsorship money. Scott raises five hundred and seventy-nine pounds.

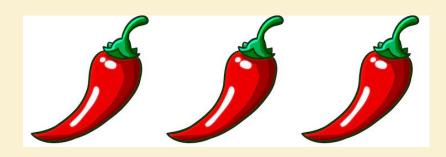

What is the total amount of money?

11b. Ava has collected two hundred and ninety-seven building bricks. Her sister, Jessie has 315 bricks.

How many bricks do they own altogether?

S VF

12a. True or false? The addition below is corre		12b. True or false addition below is	? The answer to the correct.
nine hundred	and eleven	nine hur	ndred and thirty
three hundred and forty-eight	563	271	six hundred and forty-nine
	S VF	会	S VF

#### Answers

#### Developing

1a. 690 2a. 579 3a. 314 4a. False because 604 + 119 = 723, not 724.

#### Expected

5a. 699 6a. 915 7a. 632 8a. True

#### Greater Depth

9a. 835 10a. A = 736 and B = 645 11a. 931 12a. True

#### Developing 1b. 887 2b. 582 3b. 491 4b. True

#### Expected 5b. 941

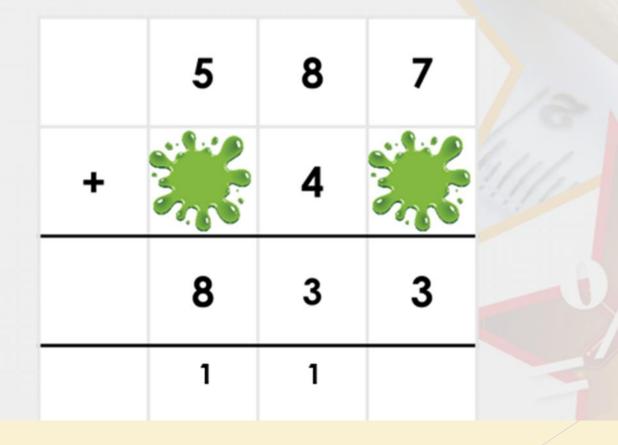

6b. 876 7b. 447 8b. False because 266 + 325 = 591, not 581.

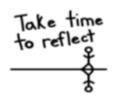

#### <u>Greater Depth</u> 9b. 503 10b. A = 994 and B = 661 11b. 612 12b. False because 271 + 649 = 920, not 930.

## **Reflection Time**

#### Which digits are hidden underneath the splats?

#### **Reflection Time - Answers**

Which digits are hidden underneath the splats?

	5	8	7
÷	2	4	6
	8	3	3
_	1	1
